# Sales Tax Tracking

Colorado Counties Inc.

Sales Tax - Work Session

June 6, 2016

**Douglas County's initial Open Space Sales Tax went into effect on January 1, 1995 at the rate of 0.17%, with a subsequent election effective January 1, 1996 of an addition of .43% for our Justice Center/Law Enforcement and .40% Capital Roads Projects – for a Total of 1.0%**

- As part of the initial sales tax that was passed, Intergovernmental agreements (IGAs) for a shareback of the sales tax for the open space and capital roads portions were made between the existing three municipalities (Castle Rock, Larkspur and Parker).
- This created a need for the ability to track our sales tax revenue by municipalities to accommodate this.
- For the first year of our sales tax, Douglas County manually tracked the activity of the revenues received from our merchants. The “jurisdiction” code was used extensively to facilitate the sharing of revenue which was produced within the municipal boundary.

- Castle Rock, Town of
- Larkspur, Town of

Transaction Period: From Period: 2016 Mar To Period: 2016 Mar

[Generate City Shareback Report](#) [Reset](#)

The Municipal Shareback is automatically calculated for the jurisdictions selected. All business addresses are verified to be located within the Municipal boundary per the County Assessor's Taxing Authority parcel information. Only "in store" transactions are shared back with the municipalities, "out of City/Town" sales are deducted out.

**Retail Centers**

The Municipal report shown above shows the individual accounts that were paid as of the “download transaction period”, which will contain many “filing periods” (actual time of sale). All municipalities that we share .30 of 1% of our Roads sales tax have signed Memorandums of Understanding with the Department of Revenue to facilitate the sharing of detailed information.

# Delinquency Reporting

Delinquency Search	
« Home	
Vendor Number:	<input type="text"/>
Vendor Name:	<input type="text"/>
Vendor Status:	<input type="text" value="-- Select one or more--"/> <input type="checkbox"/> Closed <input type="checkbox"/> Inactive <input checked="" type="checkbox"/> Open
Delinquency Status:	<input checked="" type="checkbox"/> Open <input type="checkbox"/> Closed
Delinquency Type:	<input checked="" type="checkbox"/> County <input type="checkbox"/> State
Filing Periods:	From Period: 2015 ▼ Dec ▼ To Period: 2016 ▼ Jan ▼
Exclude delinquencies that have been reported to the State:	<input checked="" type="checkbox"/> Yes
Exclude delinquencies that have had a Delinquency Letter sent to the Vendor:	<input type="checkbox"/> Yes
Delinquency is In Review:	<input type="checkbox"/> Yes
Minimum Transaction Amount:	<input type="text" value="\$250.00"/>
<input type="button" value="Search"/> <input type="button" value="Reset"/>	

The report screen shown above is the initial step in identifying “delinquent” accounts. Default reporting begins with the Delinquency Status as “Open”, by Type as “County”. This will reflect only the accounts that our system shows as missing revenue. A minimum transaction amount can be set for any amount. This allows us to focus on accounts that have impact on our revenue stream.
