

**STANDING PUBLIC HEALTH ORDER 2020-02
LIMITING GATHERINGS OF PEOPLE
ROUTT COUNTY BOARD OF HEALTH**

Recitals

A. Routt County Resolution 2009-018, established the Routt County Public Health Agency, pursuant to C.R.S. § 25-1-506, designating the Board of County Commissioners of Routt County as the Routt County Board of Health (“Board of Health”).

B. Public Health has the statutory authority to investigate and control the causes of epidemic or communicable diseases and conditions affecting public health, as well as to establish, maintain, and enforce isolation and quarantine, and to exercise physical control over persons within its jurisdiction as necessary for the protection of public health. C.R.S. § 25-1-506 (3)(b)(V) and (VI).

C. Public Health has the statutory authority to close schools and public places and to prohibit gatherings of people when necessary to protect public health. C.R.S. § 25-1-506.

D. Public Health has jurisdiction for both incorporated and unincorporated Routt County. C.R.S. § 25-1-506(2)(a).

E. The Director General of the World Health Organization has declared that COVID-19 constitutes a Public Health Emergency of International Concern and characterized it as a pandemic. The Secretary of the U.S. Department of Health and Human Services has declared COVID-19 constitutes a public health emergency and on March 13, 2020, the President of the United States declared a National Emergency. On March 10, 2020, Colorado Governor Jared Polis declared a State of Disaster Emergency. The Colorado Department of Public Health and Environment has confirmed that COVID-19 continues to spread throughout the State of Colorado, and community transmission of the illness has been confirmed in Routt County. On March 13, 2020, Routt County declared a local disaster.

F. In consultation with the Routt County Public Health Director and the Routt County Public Health Medical Officer, the Board of Health issues these orders to slow the spread of the COVID-19 virus.

G. These actions are some of the most available and effective tools to help slow the spread of the virus in our community – and, importantly, to reduce the number of potential deaths caused by COVID-19. By slowing the spread, we have a chance to protect our family, friends, and neighbors who are at risk for severe illness. In particular, this includes all adults over age 60 and anyone with an underlying health condition.

These actions will limit the cascading impacts on critical services due to high absenteeism if large numbers of workers become ill. This Order and actions will help hospitals,

first responders, and other healthcare services continue to provide services for those who need them (along with utilities, human services, and businesses) in the coming weeks and months. Collective action can save lives and is in support of the most vulnerable in our community. The more united we can be in preventing the spread the greater the benefit for the whole community.
