

APPENDIX B
Eagle River Fire Protection District
Information to Communicate to the County and State
In the Event of Declaration of Disaster

Jurisdiction: Eagle River Fire Protection District

Date: March 12, 2020 **Time:** 12:00pm

Person Reporting: Karl Bauer **Title:** Fire Chief

Contact Information: **Telephone #:** (970) 748-4765 **Email:** kbauer@eagleriverfire.org

Type and Location of Disaster: Pandemic outbreak of COVID-19 in Eagle County

Date, Time or Estimated Time, of Onset: Initial case in Eagle County reported on 3/6/2020

Number of Persons:

Killed: 0 (at time of declaration)

Injured: 4 presumptive positive cases, with approximately 50 tests pending results (at time of declaration)

In Danger: Eagle County is beginning to experience community-level transmission of COVID-19, and gatherings/ events involving vulnerable populations (e.g., those 60 years of age or older and those with underlying medical conditions) are being recommended for cancellation. The current outbreak of COVID-19 exceeds the control ability of the Eagle River Fire Protection District without assistance from Eagle County and the State of Colorado.

Assistance, Personnel or Equipment Which May be Needed to Save Lives and Protect Property: N95 masks, gloves, and other PPE are in short supply countywide. Other needs, including sanitizing and cleaning supplies, bottled water, etc. are anticipated needs for the future.

Incident Commander: Heath Harmon, Eagle County Public Health Director

Location of ICP: Eagle County Government Building, 500 Broadway St, Eagle, CO

Contact Information: 303-532-7257, Heath.Harmon@eaglecounty.us
