Director Ryan;

See our attached variance request to Governor Polis Executive Order 2020 044 Safer at Home and CDPHE Order 20-28. Prowers County Public Health and Environment supports this request, along with the Prowers County Commissioners, and our local hospital Prowers Medical Center. Their letters follow. We would intend for the variance to take effect as soon as possible upon approval as we are preparing the businesses named in the order to acquire certain cleaning items, take to block seats, etc.

See the COVID-19 management plan and current data. We are prepared to revert to the Safer at Home order should we have a surge of cases, crisis with lack of PPE or testing, etc.

Our county will adhere to the rest of the orders mentioned above and only alter the business types mentioned in the variance request.

Thank you for considering our request promptly, the people of our county are looking forward to slowly reopening in a safe manner.

Sincerely,

Meagan L Hillman PA-C, MBA
