**Bill: SB24-004**

<b>Title:</b>	County Veterans Service Offices Administration
<b>Sponsors (House and Senate)</b>	Senate: <a href="#">R. Fields (D)</a> <a href="#">R. Pelton (R)</a> House: <a href="#">W. Lindstedt (D)</a> <a href="#">L. Frizell (R)</a>
<b>Bill Summary</b>	Requires that county Veterans Services Officers (VSO) be certified by the state and accredited by the Federal Veterans Administration, in order to file claims on behalf of veterans. In addition, the Division of Military & Veterans Affairs will establish a new hourly rate for qualified VSO's.
<b>Staff Comments</b>	To CCI's knowledge, there are nine counties whose Veterans Services Officer is not accredited. Last Friday, CCI hosted a follow up discussion with the Division, that recording will be available shortly. A possible follow up may occur with Division leadership regarding the requirement for VSO's to be veterans – more details to come. Lastly, additional information regarding VSO definitions is available here. <a href="https://ccionline.org/download/DVA-Director-VSO-Definitions.pdf">https://ccionline.org/download/DVA-Director-VSO-Definitions.pdf</a>
