THE CCI FOUNDATION CORPORATE PARTNERSHIP PROGRAM

NETWORKING ADVOCACY SPONSORSHIP BRAND OPPORTUNITY RECOGNITION BUSINESS VALUE EDUCATION RELATIONSHIPS COLLABORATION MARKETING CONTRIBUTION SUPPORT BUSINESS SOLUTIONS PARTNERSHIPS COUNTIES

Ensuring strong counties by strengthening the public/private partnership.

The CCI Foundation believes in partnerships. By working together with a shared vision, we can find solutions that benefit county governments in Colorado and the communities they represent.

With this belief, CCI Foundation has created the Corporate Partnership Program to help foster close relationships between businesses and local governments.

The CCI Foundation Corporate Partnership Program provides an opportunity for companies to forge relationships with county-elected officials by bringing them together for annual events and meetings.

Companies and organizations that work with county government on issues that focus on public policy, transportation, technology, legal, criminal justice, finance, land use, consulting and business and leadership development will see added value in becoming annual partners in the program, as they build their relationships with the members of CCI Foundation.

The program has four levels that allow for different types of participation and we welcome companies of all sizes to consider becoming an annual partner.

The CCI Foundation looks forward to enhancing our relationship with our private sector partners and working with our members to foster invaluable public-private partnerships.
