      2. [Commissioner Jim Candelaria, Montezuma County](#)
      3. [Commissioner Jennifer O'Hearon, Rio Blanco County](#)

- III. Old Business
- IV. Adjourn

**Announcements/Reminders:**

**\*Background on State Trust Lands Work Group Update:**

- *HB25-1332 directed the Department of Natural Resources to convene a working group to identify parcels of state trust lands to develop recommendations to advance conservation; climate resilience; biodiversity; and sustainable, equitable, and low-conflict recreation on state trust lands. More specifically, the legislation requires the working group's study to include soliciting regional partnership initiatives and counties to identify state trust land parcels that hold unique opportunities for regional recreation, conservation activities, and agricultural opportunities. During this meeting, the DNR and consultant team will present on the background and status of the working group's study process - and solicit nominations of state trust land parcels of interest to your county. A parcel nomination form will be shared during the meeting. For now, additional background information on this legislation and the status of the working group, can be found here on DNR's website*
