Meeting Intent: Review Proposals for 2027 Legislative Priorities

Food for Thought:

- Is this a problem in your community? (ME-or-WE?)
- What questions do you have about this problem?
- Are there alternative solutions? (legislative or otherwise)
- Is this solution effective and implementable?
- Who else (non-counties) would likely support this proposal?
- Who (non-counties) would likely oppose this proposal?
